“Become a Kabbalah Coach”

32 Lessons centred upon
The Tree of Life

3 2 Lessons for the 21st Century Kabbalah Coach

Part 1: The Journey (10 Lessons)

1. **Introduction:** What is Kabbalah & the Tree of Life? Who is a Kabbalist and what is the work of a Kabbalah Coach?
2. **Exploring the 10 Spheres: Sephiroth 10 – The Kingdom of Earth - Malkuth and its 3 Pathways.** Establishing your Foundation Stone & your relationship with the 4 Elements.
3. **Sphere 9: The Mysteries of Yesod & the Kingdom of Dreams.**
Now we enter into the first world beyond the physical, governed by the Moon & gain a glimpse into our relationship with rhythm and change. We work with the unconscious patterns & the influences from our Past. Yesod is called the *Foundation of the Tree*, for here we recognize our seat of Power, what we can depend upon for support.
4. **Spheres 8 & 7: Hod & Netzach – The Kingdoms of Intellect, Feeling Life & Fire.**
These two spheres are intimately connected (head & heart) and personal alchemy now intensifies with a dynamic variety of creative exercises that show how we communicate & share feelings. Art, Music & Magic are invoked.
5. **Sphere 6: Tiphareth – Beauty & the Kingdom of the Sun.**
Our Journey now reaches the Heart of the Tree and the dominant theme is our initiation into the Beauty & Harmony underlying all manifestation. We are now in the Christ Center ruled by the Sun & it is time to evoke our Holy Guardian Angel.

6. Spheres 5 & 4: Geburah & Chesed – The Kingdoms of Will & Love.

We are now exploring the Soul realms of the Tree & our relationship with our True Will, expressed in Love. We also explore the true nature of the Good-Evil conflict.

7. Spheres 3-2-1: The Supernal Triangle of Binah, Chockmah & Kether – The Kingdoms of the Mother, Father, Destiny & the Divine.

We have now reached the Spirit levels of the Tree, 3-in-One Creator, the true nature of Fate & Free Will; our Divine Source our Spiritual Quest & living in multi-dimensionality-

8. Travelling Up & Down Jacob's Ladder – The way down the Tree symbolizes the Unfolding of Creation – the way up symbolizes the Path of Remembering.

9. Initiation into the Mysteries of Tiphareth – all is interconnected, expanding your sense of wholeness.

10. Sphere 11: the Invisible Sphere of Daath (Knowledge).

Lesson 30: Meditation upon the 22 Hebrew Letters – Part 2

Lesson 31: Magical Kabbalah – Creation of Talismans

Lesson 32: The Goal of the Kabbalah Coach

Working with Kabbalah – 3 initial approaches

HEAD

Methods of study, contemplation, abstract thinking & visualization.

This is the approach of the MIND.

HEART

Methods of devotion, prayer & meditation.

This is the LOVE of God as its motivation.

BODY

Methods of action, physical creation & manifestation.

This is the approach of RITUAL.

Kabbalah involves working with the whole person, stimulating increased communication with our Head-Heart-Body, leading to greater livingness & expanded awareness of Who we are and our relationship with the environment & the larger Collective.

After Contemplation, Devotion & Action, all of which forms part of the aspiring Kabbalist's work – then comes the next stage of true Kabbalistic experience as we *become* the Tree of Life & *know* ourselves as creative magical Beings.
This fourth stage is true Living Kabbalah:

MYSTICAL PERCEPTION

“Become a Kabbalah Coach”

To Coach is to *GUIDE* and it helps to have a road map that shows the landscape. Kabbalah & the Tree of Life diagram provide us with a wonderful road-map. *FLOW* is an essential feature to our lives, successful living & Kabbalah. *FLOW* produces not only circulation, which leads to healthy living, but stimulates change and evolution. The important thing is to identify with the energy seeking expression and not be attached to the changing outer forms.

The entire course of 32 Lessons is designed with this concept of *FLOW*. Your work and commitment to practice the material provided with each Lesson is what determines your Self-Empowerment, as your increased awareness to consciously attune with *FLOW* in your life, enables you to take hold of the daily opportunities for making energy shifts with new perspectives and a strategy for living that demonstrates the integration of personality-soul-spirit. When you have successfully completed the 32 Lessons, you receive a **“Kabbalah Coach” Certificate**.
